The battle of Cowpens was a crucial turning point in the Revolutionary War in the South and stands as perhaps the finest American tactical demonstration of the entire war. Using veterans' statements and an analysis of wounds, he shows how actions by North Carolina militia and American cavalry affected the battle at critical times. And, by fitting together clues from a number of incomplete and disparate narratives, he answers questions the participants themselves could not, such as why South Carolina militiamen ran toward dragoons they feared and...
