Paperback. Book Condition: New. Not Signed; What is Madness? is Darian Leader's probing study of madness, sanity, and everything in between. What separates the sane from the mad? How hard or easy is it to tell them apart? And what if the difference is really between being mad and going mad? In this landmark work Darian Leader undermines common conceptions of madness. What is Madness? explores the idea of quiet madness - that at times many of us live interior lives that are far from sane but allow us to function normally and unthreateningly - he argues that we must seek a new way to assess, treat and deal with those suffering mental health problems. What is Madness? is Darian Leader's radically insightful and masterfully convincing exploration of a painful, complex but endlessly fascinating area of humanity. A terrific intellectual stylist . (Hanif Kureishi, Independent ). Provides valuable insights into how psychiatry can help those who have suffered psychosis to rebuild their lives . ( Sunday Times ). Witty, probing. A myth-busting diagnosis of the method in our madness . ( Independent ). Leader's insights could have radical consequences for the way we regard madness . ( Daily Telegraph ). Fascinating. A formidable grasp of psychiatric history and a storyteller's flair for detail. What Leader does so effectively is to give us a sense of what it might be like to...
