STATISTICAL METHODS

University Press of America, United States, 1996. Paperback. Book Condition: New. New.. 213 x 137 mm. Language: English . Brand New Book. This book covers introductory statistical methods for the social and behavioral sciences from a linear models perspective. The author argues that the research methodologies found in the social sciences and human studies are not inferior to those found in the physical sciences. He therefore provides methodologies that can be used in almost any field. The diversity of examples...
