Harriman House Publishing. Paperback. Book Condition: new. BRAND NEW, A Beginner's Guide to Charting Financial Markets: A Practical Introduction to Technical Analysis for Investors, Michael Kahn, This book is about arming you with one simple tool that will enhance your investment decision-making process - the chart. It should be stressed that this book will not replace your current methods of stock selection and investment strategies. What it can do, however, is add a new dimension to the analysis to confirm or refute what is already...
