PREGNANCY BLUES: WHAT EVERY WOMAN NEEDS TO KNOW ABOUT DEPRESSION DURING PREGNANCY

[DOWNLOAD PDF](#)

Random House USA Inc, United States, 2007. Paperback. Book Condition: New. Reprint. 226 x 147 mm. Language: English . Brand New Book. It should be a time of joyous anticipation the happiest time in a woman's life. But for many women, the joys of pregnancy are clouded by feelings of fear, sadness, and confusion. And unlike postpartum depression, which is widely portrayed in the media and embraced by the medical community, depression during pregnancy has been rarely discussed and often misunderstood until now. In this groundbreaking book the first to focus exclusively on depression in pregnancy Dr. Shaila Kulkarni Misri, a leading reproductive psychiatrist, draws on her twenty-five years of clinical practice and research to offer hope, help, and healing as well as a provocative, myth-shattering examination of a subject that has too long been shrouded in darkness. The numbers are surprising: up to 70 percent of pregnant women experience some degree of depressive symptoms, and of those, 12 percent meet the diagnostic criteria for major depression. Although it is at least as common as postpartum depression, which occurs after a child's birth, pregnancy-related depression is often cloaked in silence, shame, and denial. *Pregnancy Blues* lifts the veil on this heartbreakingly treatable illness, examining the key social and biological factors that can come together during pregnancy to create a climate in which depression and anxiety thrive, as well as offering the many effective treatments that are available. Discover: How to recognize the signs and symptoms of depression and know when to seek help The role of female hormones: why women are more vulnerable to depression than men How depression can hide behind physical complaints, such as back, stomach, or even chest pain The unspoken connection between infertility and depression The antidepressant controversy: the facts on specific...
