Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Modern Mexican History Each section of the syllabus is introduced by a study outline, in which the principal features of the subject of the section are indicated. The study outline is aimed at presentation of truth rather than of opinion, and is intended as a guide for reading and study. The lists of references which follow each outline are full enough to permit students to obtain materials whatever may be the resources of the library to which they have access. It is not necessary that the student should use a profusion of the materials indicated. The suggestion is offered that each of the sub-topics in each outline be chosen by two or more students for study some time in advance of meetings, and that reports, oral or written, be made upon the results obtained. Titles in the reading lists which are considered of most value are marked with a star. The lists contain materials on all sides of the problems of Mexico, hence it will be possible, with a little care, to arrange interesting debates for each section. Most of the titles listed contain materials valuable for sections other than those for which they are listed.
